MAKE UP and REQUIREMENTS FOR ALL TEAMS

Junior Varsity Team-The JV team will consist of 10th graders. The cut-off will be where there is a natural break in the scores by the judges combined with the coach's evaluation scores. The minimum will be 12. If the minimum cannot be met, then 9th graders may be added to make the requirements.

Freshman Team-The Freshman team will consist of incoming freshman only. The number chosen will be determined by the natural break in the scores by the judges combined with the evaluations from the coaches. The minimum will be 12.

Mascots-There will be several open positions for mascots. **Mascots will be required to participate in all activities and will be active members in the program.** Mascots follow the same rules and guidelines as set forth for the cheerleaders. Mascots will perform in front of the judges and will also be evaluated by the coaches. The coaches can make changes to these guidelines based on tryouts at any time. If no one tries out for mascot, the coaches and administration have the right to appoint someone to fill the position without a tryout. If there are 1-2 mascots, both will have to coordinate a schedule to attend multiple functions. 9th graders can be a Varsity mascot if no one else tries out.
