

Naviance Student Quick Guide for Parents

April 2021

What is Naviance Student?

Naviance is a web-based program that is used by CISD and the GOHS Guidance and Counseling Department to help students discover their next step in their education and/or career. Naviance allows students to research careers and colleges, take assessments and surveys, create goals and to-do lists and eventually, submit requests for transcripts and recommendation letters. This Quick Guide will help you get started and teach you the basics of Naviance Student.

GOHS requires all 9th grade students to register for a Naviance account during their fall semester. Students will use Naviance each school year.
